

Committees of the AAUP, 2013–14

Appointments to standing committees of the Association are ordinarily for a term of three years; the terms of approximately one-third of the members of each committee expire with the adjournment of each annual meeting. By Council action in June 1977 (as amended in November 1988), appointments to a “second consecutive three-year term shall be occasional; a third consecutive three-year term shall be rare.” An appointment may be extended beyond nine consecutive years only in extraordinary circumstances and is subject to ratification by the executive committee and the Council. Appointments are made by the president of the Association, who has the advice of members of the Association, the executive director, and other members of the staff. The executive director assigns members of the staff to assist the committees in their work.

A list of committee appointments follows, with the date of expiration given after each name. In addition to standing committees, there are special committees whose members serve ex officio or are appointed by the president according to regulations established by the Council. The officers of the Assembly of State Conferences are elected by that body. The AAUP Constitution provides that the president shall be a member ex officio of all committees except the Nominating Committee, the Election Committee, and the Election Appeals Committee.
