

FIGHT FOR THE FUTURE OF HIGHER ED. JOIN THE AAUP TODAY.

The AAUP and our chapters represent faculty, graduate students, and other academic professionals across the country. We are fighting for a fully funded system of higher education that serves students from all backgrounds, offers jobs with dignity, and enhances our democracy.

The AAUP and our members have mobilized in the face of the Trump administration's relentless attacks on higher education.

WE ARE PURSUING MULTIPLE LAWSUITS against the Trump administration to prevent federal cuts to life-saving research, deportation of international scholars and students for ideological reasons, and direct attacks on specific universities.

WE ARE STANDING TOGETHER to protect academic freedom and shared governance.

WE ARE PROMOTING ECONOMIC SECURITY for all academic workers.

WE'RE JOINING FORCES with unions and organizations across higher education to fight for a system that works for everyone—not just the wealthy few.
