AGENDA

Review of Process
Tentative Agreement
Next Steps
REVIEW OF PROCESS

• **August 2021:** Council authorized discussions with AFT & authorized president to appoint a negotiating team
• The teams met 5 times in person & held zoom meetings
• Process was collegial, productive
• Documents vetted by outside counsel and auditors as well as appropriate AAUP staff
• **March 2022:** Council approved tentative agreement and voted to forward affiliation to June 2022 Biennial Meeting for ratification
• Ratification vote to be held June 18, 2022
Why Now?

• **Value added for both organizations’ members.** Our joint organizing has been successful. AAUP & AFT Higher Ed. members will benefit from the expertise & resources of both organizations.

• **We are greater than the sum of our parts.** Higher ed. is at an inflection point—underfunding, attacks on knowledge and expertise, legislative intrusion into the academy. AAUP has expertise to tackle these problems. AFT has the resources & the reach.

• **Now is the time.** The challenges facing the profession, higher education, and our society are beyond our scope to address alone. We owe it our members, our profession, and our society to come together and fix this.
Why Now?

• Both organizations are in a strong position. AAUP is going into this from a position of strength. We have held on to members post-Janus and continued to organize new chapters.

• Opportunities for growth. There are real opportunities to organize jointly in Kansas, Nebraska, and Colorado in the next few years.

• Building a more inclusive academic union movement. There are opportunities to bring AAUP to adjunct and grad units as well as HBIs/MSIs and two-year colleges—places where we don’t have the resources to organize on our own.
Principles Guiding the Affiliation Talks

- Preserve AAUP’s independence & autonomy
- Increase our reach among the profession
- Maintain AAUP’s brand in higher ed
- Be fair to AAUP staff

• Autonomy of AAUP & Our Chapters
  • Chapters will maintain their separate identities & autonomy over their affairs, within the bounds of the AAUP and AFT Constitutions.
  • All assets belonging to AAUP and our chapters and conferences will remain our/their property.

National Benefits– Expanding our higher ed. union movement & increasing our influence in the profession

• **Membership in the AFL-CIO.** Through our affiliation with AFT, AAUP would also become affiliated with the AFL-CIO at the national state and local levels.
  - Greater political power
  - No raid protections under Articles XX & XXI of the AFL charter

• **Membership in the AFT state federations at a special reduced rate.** In many of the states where AAUP has CB chapters, there are also AFT locals representing faculty and other academic workers. Being part of AFT state federations means that we can work side-by-side with our academic union colleagues on issues of shared concern (fighting anti-tenure bills & educational gag orders/divisive concept bills, increasing funding for higher education)

• **Participation in the Education International.** As our institutions globalize, we need to ensure that AAUP’s principles and standards are upheld on global campuses. Through the AFT affiliation, AAUP can once again participate in Education International, a consortium of education and higher education organizations from around the world.
