American Association of University Professors

Academic Freedom for a Free Society

OUR MISSION: To advance academic freedom and shared governance; to define fundamental professional values and standards for higher education; to promote the economic security of faculty, academic professionals, graduate students, post-doctoral fellows, and all those engaged in teaching and research in higher education; to help the higher education community organize to make our goals a reality; and to ensure higher education’s contribution to the common good. Founded in 1915, the AAUP has helped to shape American higher education by developing the standards and procedures that maintain quality in education and academic freedom in this country’s colleges and universities.
