1. In 2021, the leadership of the AAUP Foundation and the AAUP took steps to redefine their operational relationship. The AAUP Council consented to changes to the Foundation's constitution affecting the composition of the board, and this consent was communicated to the board of the Foundation. Effective June 14, 2021, all members of the AAUP Council are the newly constituted board of the Foundation. Given this operational change, the composition of the Foundation's Audit and Investment Committees may also change.
