AAUP ASSEMBLY OF STATE CONFERENCES
CONFERENCE DEVELOPMENT GRANT
APPLICATION

Conference Development Grants are intended to provide funds for individual projects that support campaigns in which the Association is engaged or further strategic goals of the Association. These grants are funded through the Conference Support and Development Fund set aside for conference funding. The grants from these funds are intended to support one-time and/or significant projects that a conference chooses to undertake. These funds are for special projects: it is not expected that every conference will apply for a grant every year. Conferences are only eligible to receive one grant per calendar year.
